Pet Business Software Price Sheet

Published prices for booking and management software used by groomers, sitters, walkers, daycares and kennels

The Pet Pro Stack · thepetprostack.com

Prices checked on vendor sites: Nov 12, 2026, Nov 14, 2026, Oct 23, 2026 · Edition: November 2026

How to use this sheet: it lists only prices each company publishes on its own pricing page, checked on the date above. Most tools add costs for card processing, text messages, extra staff or locations. Price your real setup (staff, vans, locations, texts per month) and run a free trial with a real week of appointments before you switch.

Questions to ask before you sign up

- How are reminder texts billed: unlimited, bundled, or sold in packs?
- Is the price per user, per location, per van, or flat?
- Do I have to use your card processing to get this price, and what is the rate?
- Can you import my clients and pets, and can I export everything later?
- Is there a contract or setup fee, and what happens if I cancel?
